

# HORIZON REVIVE!

**BE PREPARED TO SAVE A LIFE!**

An overdose emergency can happen when you least expect it: in your home, at a social gathering, a public location, and even with a friend or family member.

You may not know that someone is at risk of overdose due to stigma that prevents many who use substances from telling others. Do you know how to help someone who has overdosed on opioids?

**STAY CALM.  
CARRY NALOXONE.**

## FREE VIRTUAL TRAINING DATES

WEDNESDAY,	SEPT. 21ST	10-11AM; 6-7PM
WEDNESDAY,	OCT. 19TH	10-11AM; 6-7PM
WEDNESDAY,	NOV. 16TH	10-11AM; 6-7PM
